

FLYING A PLANE REQUIRES CAREFUL ATTENTION

So does navigating our emotions to withstand temptations.

WIZARD WISDOM — Kids need adults to help them understand the challenges of weathering the emotional turbulences of temptations. Compare the knowledge and practice needed for navigating potent emotions when dealing with temptation to the necessary training a pilot must have to fly an airplane through tough turbulence. Consider sharing and discussing Google Images of sophisticated cockpit controls with kids, comparing the help kids would need to steer emotions away from temptation to steering an airplane in a storm.
